

Windows Computer

CloudGate is a powerful computer, running Microsoft Windows 8.1 **with Bing**. Plug it into any screen, add a keyboard and mouse, and provide an Internet connection.

A powerful system for home, work or play

Energy efficiency means low running costs

CloudGate draws less than 15W of power. That's about the same as an energy-saving lightbulb. So CloudGate costs very little to run.

Office 365²

Office 365 is the same Office you already know and use everyday.

DStv Now, live streaming³

Whether you live stream content from selected channels or catch up with your favourite DStv catch up shows, DStv Now opens up a world of entertainment that fits in the palm of your hand.

Access to Windows app store⁴

Download your pick of more than half a million apps in the Windows app store; choose games, social media, education, music and entertainment - most are free, and can be downloaded and installed with ease.

1 Prices exclude VAT

2 Office 365 account required

3 DStv Premium subscription required

4 Many apps are free, but charges may apply
