

## Android Computer

CloudGate is a powerful computer, running Google's Android operating system. Plug it into any HD screen, add a keyboard and mouse, and provide an Internet connection.

### A powerful system for home, work or play

#### Energy efficiency means low running costs

CloudGate draws less than 10W of power. That's about the same as an energy-saving lightbulb. So CloudGate costs very little to run.

#### Office 365\*

Office 365 is the same Office you already know and use everyday.

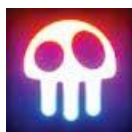

#### DStv Now, live streaming\*\*

Whether you stream content from selected channels or catch up with your favourite DStv catch up shows, DStv Now opens up a world of entertainment that fits in the palm of your hand.

#### Access to Google Play store\*\*\*

Download your pick of more than a million apps in the Google Play store; choose games, social media, education, music and entertainment - most are free, and can be downloaded and installed with ease.

\*Office 365 account required

\*\*DStv Premium subscription required

\*\*\*Many apps are free, but charges may apply

## Datasheet

# CloudGate Android Computer

<b>Operating System</b>	Android 4.4
<b>Processor</b>	ARM quad core 1.6GHz CPU
